**EVENTS**

**Dinner on the Town**
International peer mentors (fellow students) will meet you outside lecture hall room 101 to walk downtown together to various restaurants. You are responsible for the cost of your own dinner. This is a fun right to meet other new or returning students at IUPUI!

**Money Matters**
This workshop is designed to give you an overview of how to pay your tuition bill, the basics of searching for scholarships as a continuing student, and how to save money living in the U.S.

**Check-In & Services Fair**
Check in with OIA staff that you have arrived at IUPUI! Bring your passport with visa, I-20 (F-1 students) or DS-2019 (J-1 students), and admission letter. Meet representatives from banks, cell phone companies, apartment complexes, furniture rental companies, student and campus organizations, and more!

**IPMP Saraga Bus Trip**
International Peer Mentors (current students trained to assist new international students) will lead a bus trip to the Saraga International Grocery Store. Mentors will have free bus passes and take the group to the store. The Mentors will be there to help you the whole time so that you do not have to worry about getting lost. This is a great opportunity to learn the bus system and make some friends while getting your groceries.

**Immigration Session**
This required session is the main event of international Welcome Week! The OIA will teach you the 10 rules you must follow in order to maintain your international student visa status while in the United States.

**U.S. Education System**
Do you want more information about where to find work on campus, and how to apply for off-campus employment authorization? Representatives from the OIA and Career Services will host a session that should answer these questions for you. (These topics will also be very briefly covered in Tuesday’s Mandatory International Orientation on August 14, but this workshop will provide greater detail.)

**Health Care in the U.S.**
This short presentation covers a broad overview of healthcare in the U.S., the importance of health insurance, and the University’s health insurance policy. Here you will learn where to go for health care resources as well as what you need to know about health insurance at IUPUI. Insurance and health care in the U.S. can be very different from your home country, so please attend to learn more and be well prepared – most people don’t think about these topics until they get sick or injured!

**Sponsored Student Workshop – MANDATORY**
This workshop is required for all new sponsored students. We will give you an overview of how to set up 3rd-party billing with the Bursar’s office, how to request academic progress reports or other sponsor requirements, and your responsibilities as a sponsored student.

**Keeping Employment Legal in the U.S.**
Do you want more information about where to work on campus, and how to apply for off-campus employment authorization? Representatives from the OIA and Career Services will host a session that should answer these questions for you. (These topics will also be very briefly covered in Tuesday’s Mandatory International Orientation on August 14, but this workshop will provide greater detail.)

**Scavenger Hunt**
Join us for a fun-filled journey on campus. We will break into teams and find our way around campus by following clues. Afterwards enjoy a cool treat in the Courtyard outside of Lecture Hall.

**Personal Safety Workshop**
Campus staff will discuss student health and safety, as well as various support resources at IUPUI; your attendance at this presentation is also required.
