Your University Account

Create your IUPUI Network ID to access:
- the One.iu.edu website and online services like enrolling in courses or paying tuition.
- immigration services offered in the iStart website.
- your university email account

You MUST have your network ID before you arrive at IUPUI in August

Visit the Account Management Service website and click on “Create my First IU Account” to create your Network ID.

You will need to enter your University ID Number, which you will find in your admission information.

iStart is the website you will use throughout your entire degree program at IUPUI to request services from OIA.

Access iStart by visiting https://istart.iu.edu and logging in with your IUPUI Network ID.

If you encounter any issues while using iStart, please email iadvisor@iupui.edu and send a screenshot of the issue.

Pre-Arrival Checklists

Prior to coming to IUPUI log in to iStart to complete your “Pre-Arrival Checklist”. It is your guide to prepare for your IUPUI university experience.

Your goal is to complete all tasks in these checklists—as you finish each task, check off the appropriate box to confirm that you have completed that task.

Right now you should be working on Pre-Arrival Step 1 and Step 2.

Search “Classifieds” on One.iu.edu as an additional resource for off-campus housing. Many students advertise available rooms, or you can post that you are looking for a room.
